MEMORANDUM

TO: Greg Eades, Environmental Engineer

FROM: Bobby Lutfy, Hydrogeologist *BL*

RE: Final Hydrogeologic Review Of The Transition Plan For The  
Wayne County MSW Landfill (Permit # 96-01)

The revisions for the Wayne County Transition Plan provided by Municipal Engineering and GAI dated January, 1996, and dated March 18, 1996, have been reviewed and incorporated into the Transition Plan. With these revisions the Local Area Study and Water Quality Monitoring Plan portions of the Transition Plan appear generally satisfactory. Therefore based upon the hydrogeologic review, the Wayne County Transition Plan can be approved.

It should also be noted that approval of the Transition Plan does not include approval of the sampling reports. These documents are subject to separate review by Mark Poindexter and Larry Rose of our Groundwater Compliance Unit.
